

AEROMOBIL

Lietajúce auto

Elementy loga:

Horná modrá časť predstavuje nebo, spodná, čierna časť zem/cestu. Horizontálna čiara uprostred znázorňuje krídla, zatiaľ čo šípka symbolizuje jednak špičku smerovky lietadla, jednak smerovanie nahor – to je unikátne riešenie AeroMobilu a revolučná zmena v doprave, ktorá prechádza z preplneného 2D prostredia (zem) do priestraného 3D prostredia (zem + vzduch). Ako celok je logo symbolom ukazovateľa letovej polohy, používaného v letiadiach.
